INTRODUCTION

The Country Trax team is looking forward to welcoming you to one of their outrides, which is another way we are investing in off-road riding in SA. We aim to provide a safe and fun outride in the company of Country Trax instructors as organisers and marshalls during the ride. It also gives you the opportunity to ask them questions about techniques you are unsure about and if you have a problem, they can give good advice en route!

As you know, the academy is headed by Jan 'Staal' du Toit who started the academy in 2000 and who has since developed a curriculum for courses which is adapted for our South African off-road conditions. Country Trax Grand Central is jointly operated and managed by a team of 4 instructors (details above). They are extremely competent and have qualified as instructors under the watchful eye of Jan du Toit. Needless to say, they comply with the national high standard of the academy.

Jan's wife Elsie and her team will be in charge of the fantastic accommodation and meals you'll experience while at Country Trax, which will make this trip very memorable indeed. Al wat jy moet doen is om die omgewing, die lekker rit en die geselskap te geniet!
